SCHOOL

Wentworth Traffic Restrictions

We continue to focus tremendous efforts on ensuring student safety and improving traffic flow during our busy morning and afternoon drop-off and pick-up times. We ask you to do your part by respecting and obeying the direction of our staff, abiding by and following signage, including respecting these regulations:

- Not stopping or parking in the NO STOPPING/NO PARKING marked zones immediately beyond the upper roundabout. The NO PARKING zone is our critical drop-off area, and we ask that you move to the top of this zone so that cars aren't backed up into the NO STOPPING zone
- Not dropping children where the traffic bollards line the curb in the NO STOPPING zone, as this is extremely unsafe and illegal
- Not stopping and dropping children on the north side of Chairlift Drive, and not allowing them to exit vehicles when not parked, or while waiting in the traffic line at the crosswalk
- Not having children cross the street at points other than the pedestrian controlled crosswalks (both at the upper traffic roundabout and also in our front traffic circle)
- Obeying the NO U-TURN signs installed below and above the traffic roundabout on Chairlift Road, as turning around here causes significant delays, is a safety concern, and is prohibited
- Not exiting your vehicle in the traffic circle at the front of the school, and instead helping your children to become independent with loading their backpacks and bags into the car by themselves.
- **During afternoon dismissal and pick-up we will be controlling all northbound and southbound traffic on Chairlift Road at Wentworth Avenue.**
- **There is NO LEFT TURN permitted when coming down Chairlift Road onto Wentworth Avenue between 2:00pm and 3:30pm.** We direct all cars to continue down Chairlift Road and around the lower traffic roundabout, to join the line of traffic heading up the hill.
- **Parents who arrive more than 10 minutes early for their child's designated dismissal time will be directed to exit the Chairlift Road traffic line** and proceed up the controlled lane to the upper traffic roundabout to loop back down to the bottom roundabout to join the end of the line of vehicles.
- If a vehicle in the traffic line coming up Chairlift Road is identified as through traffic, such as a resident or contractor, our team will direct them to proceed up the controlled lane and continue past Wentworth Avenue.
- I would like to remind parents that unless directed to enter the oncoming lane by our traffic controllers, it is illegal to proceed up the southbound lane on Chairlift Road.
- Please ensure that you have your child(ren)'s grade level sticker on your car windshield. (On the first day of school, parents of students in JK - Gr 7 will be given two traffic passes showing the grade your child is in. These passes are referenced when directing you to on-campus student pick-up traffic lines).
- If you are picking up your child early for an appointment, you must do so prior to 2:15pm.

All of our facilities team have received professional Traffic Control Person Training – please remember that they are doing a very difficult job and deserve your respect and patience.

Thank you for your partnership and commitment to our Collingwood values including Community.
